

Full Devil Jacket, Where Did You Go?

Where did you go when you let me go?
I waited for you in a special place
Ohh no no no no no
Cold blue eyes turn to stone
You can break the vein & bruse the bone
It feels so dull

Where did you go when you let me go?
I waited for you in a special place
You gravitate, it lifts us all
You hold the hand that made you fall

Where did you go when you let me go?
I waited for you in a special place
Oh no I fall in the darkness
You cannot find your way home, you cannot find you

I waited for you in a special place
And flowers died, you know they cannot grow
With no light no

Where did you go when you let me go?
I waited for you (you you) in a special place
(in a special place)
And flowers died, you know they cannot grow
With no light
(without your, without your light)

Where did you go?
