

Full Speed Ahead, Knowledge Means Power

you've lost all rebellion
supporting the system
you're loosing the spirit
knowledge means power

you look at things
in a superficial way
don't you see the real causes
you picked the wrong enemy
where are your roots
don't you know
where it all came from
you deny punkrock

with that you make yourself our
enemy! enemy!
with that you make yourself our
enemy! enemy!

knowledge means power
knowledge means power

you've lost all rebellion
supporting the system
you're loosing the spirit
knowledge means power

no objective critique
but dumb slogans
fighting your own scene
I can't understand you
you're doing us no good
just destroy the scene
something others
worked for for years

with that you make yourself our
enemy! enemy!
with that you make yourself our
enemy! enemy!

knowledge means power
knowledge means power

knowledge means power

???

???

but you take it the wrong way
but you take it the wrong way
no way
no way
wrong way
but you take it the wrong way

with that you make yourself our
enemy! enemy!
with that you make yourself our
enemy! enemy!

knowledge means power
knowledge means power

you want your own way

knowledge means power
so hear what I say
knowledge means power
