

# Fun Lovin' Criminals, I Can't Get With That (Schmoo)

They try to move us; to use us  
like Judas did Jesus; to please us  
Diverting the issues to misuse the peoples  
How are we gonna get 'em?  
How are we gonna vote them out?  
When the wingtips got it locked up  
With one thing you don't know.  
Ya dig it? The freaking wingtips did it.  
But some of us are wise and some of us are suckers. . .  
And we all bleed red even racist motherfuckers.

And I can't get with that.  
No I can't get with that (2x)

I said: No, I can't get with that  
No I can't get with that (2x)  
(3x)

I see the hoes and the hustlers  
be piled up in clusters  
since they upped the anti, and hooked up Giuliani  
and the black kill the black and  
Latino kill Latino; man it's evil. . .  
The same damn story and a sequel  
I thought I fought for what was right,  
but in the end, my friend, 20-20 is hindsight.  
I think I caught you out there  
chillin in the Bahamas.  
I take you to Miami to meet the Dalai Lama.

And I can't get with that.  
No I can't get with that (2x)

I said: No, I can't get with that
