

Fun Lovin' Criminals, Little Song

I fell from my road (?)
My vision is cloudy,
The outlook, is lousy,
I hope I find the strength to go on,

I fall to my knees,
To look for an answer,
Find out what the chances are,
That I'll make it on home,

CHORUS

I think of how it all went wrong
Down that shitty part of town,
It keeps me up all night long,
And despite my little song,
Life keeps, going on
And despite my little song,
Life keeps, going on

I'll go to my grave,
Knowing you loved me,
And the cards life had dealt me,
Weren't so bad after all,

Well, I have been wronged,
And Lord I've been deceived,
But the love I gave to you,
Was twice received

CHORUS

STRING and WIND SOLOS

CHORUS

Replace 'wrong' with 'down' for this chorus

REPEAT 'Despite my little song, life keeps going on' 3 times
