Verse 1:

As a young child I never imagine that
life would be my own to claim
my own to make and create my destiny
find out what's best for me
things that were hard to see
the mistake we make ,falls we take but
I can't let it break me down (down)
learn and let your errors make you strong
sho' you'll get up after you fall

Chorus:

Lessons of life taught me how to love again
Lessons of life taught me how the game is played
Lessons of life made me who I am today
showed me how laugh instead of cry
be the truth and not a lie
repeat 1 more times

Verse 2:

I done some foolish things,and foolish things for one thing I know
I was foolish but now I'm not
look up to the wrong people trusting in the wrong people
with all my wrongs made me learn
what's right (made me learn what's right)
the mistake we make ,falls we take but
I can't let it break me down
All these things made me better now
I can say, I can say, I can say (aaaaayyyyyy)

Lessons of life taught me how the game is played
