

# Funeral Dress, Freedom And Liberty

hey you, understand  
quit now, start again  
time to shut down automatism  
time to let it fly  
when I get up, late AM  
I know, what I want  
something more than a sketchy life  
I know I want it all

and I won't compromise,  
the big little white lie!

(Chorus:)  
Freedom, Freedom,  
Freedom and Liberty  
Freedom, Freedom,  
Freedom and Liberty

one chance, one road  
you better look for your own,  
the gift of life is a wasted present  
if you don't succeed!  
Think, act, choose wisely,  
don't hurt anybody;  
that's the only groundrule people,  
one law for the FREE!

and don't you compromise,  
the big little white lie!

(Chorus)

(Chorus)

when you got no hope and a broken soul,  
and blind ambition took your heart,  
get up, hey, step into  
Freedom and Liberty!"
