

Funeral Dress, Join The Kids

Another day, Im wondering
whos gonna bother me today
cause every day its just the same
people say Im insane
They cant stand the way I think
keep on calling me a freak
the way the act, it makes me sick
to hell with them cause I aint weak
Join the kids on the streets
united we are strong
join the kids on the streets
and we will take em all
join the kids on the streets
lets make this bullshit done
join the kids on the streets
you know where to come along
They are talking bout the clothes I wear
It is fatman with his hat
He doesnt like the colour of my hair
He yells at me: you filthy rat
Can you tell me what your problem is
Hey man, just leave me alone
cause I can do whatever I want
your remarks will soon be done
