

# Funeral Dress, The Pogo Never Stops

I can hear some punkrockmusic  
Good vibrations in my ears  
Now the boring times are gone  
We party with the punks who are here

Alcohol is in my head  
Everything collapsed in me  
Everyone should have a beer  
And party with the punks who are here

THE POGO NEVER STOPS [x4]

As long as we are living  
The pogo never stops  
Even without alcohol,  
No pills, no needles, and no shots

And now we start the nineties  
The pogo still goes on  
We keep on playing punkrock  
The only fucking thing that can be done

THE POGO NEVER STOPS [x4]
