

Funkadelic, Cosmic Slop

Aaaaaaaaah hear my mother call
Aaaaaaaaah hear my mother call

I was one of five born to my mother
an older sister and three young brothers
we seen it hard
we seen it kinda rough
But always with a smile
she was sure to try to hide
the fact from us that life was really tough
I can hear my mother call
I can hear my mother call
And at night I hear her call
all the night I hear her call
"Father, Father it's for the kids
any and everything I did.
Please please don't judge me too strong.
Lord knows I meant no wrong...
Lord knows I meant no wrong."

Then the devil sang:
Would you like to dance with me?
We're doing the cosmic slop.
Would you like to dance with me?
We're doing the cosmic slop.
Would you like to dance with me?
We're doing the cosmic slop.

She was well known through the ghettos
Tricks would come and then they go
The neighbors would talk and call her Jezebel
but always with a smile
she was sure to try to hide
the fact from us that she was catching hell
Hey

Hear my mother call
I can hear my mother call
Late at night I hear her call
to the lord I hear her call
she says "Father, Father it's for the kids
any and everything I did.
Please please don't judge me too strong.
Lord knows I meant no wrong..."
Lord

oh oooooh oh hear my mother call
oh oooooh oh hear my mother call
she said "Father, Father it's for the kids
any and everything I did.
Please don't judge me too strong"
Hear my mother call
