

# Funkadelic, Everybody's Going To Make It This Time

Our mothers and our fathers  
they had lives to live  
and today is proof  
that mistakes were made  
There's not a doubt in my heart  
they done the best that they knew how  
and there's still time for us to make the grade  
We got to learn  
from the mistakes  
that were made in the past  
We got to clean  
so that we can use our minds  
Cause in order to get it together  
got to get our heads together  
Everybody's going to make it this time  
Everybody's going to make it this time

Our country and our cities  
they have been betrayed for money  
Oh, and somehow  
the people, they will make a change, yeah  
There's not a doubt in my mind  
if hunger and anger place the blame  
There won't be a country left to change  
We got to see what we're doing  
in the name of comfort  
We got to see  
We got to feel the warning signs  
But in order to get it together  
we got to get our heads together  
Everybody's going to make it this time  
Everybody's going to make it this time

We've got to learn from the mistakes  
that were made in the past  
We got to clean  
so that we can use our minds  
But in order to get it together  
we got to get our heads together  
Everybody's going to make it this time  
Everybody's going to make it this time  
(Everybody's going to make it this time)  
(Woooooaaaaaoooh!)

Everybody's going to make it this time  
Everybody's going to make it this time  
Everybody's going to make it this time  
Everybody's going to make it this time  
Everybody's going to make it this time  
Everybody's going to make it this time  
Everybody's going to make it this time  
Everybody's going to make it this time
