

Funkadelic, Standing On The Verge Of Getting It

Hey lady, won't you be my dog
and I'll be your tree
and you can pee on me

Hey lady, won't you be my dog
and I'll be your tree
and you can pee on me

Hey lady, won't you be my dog
and I'll be your tree
and you can pee on me

we will do you no harm
other than pee in your afro

Hey lady, won't you be my dog
and I'll be your tree
and you can pee on me

Even if you don't dig it
don't mean it's not the thing or thing to do
Could be just for you

Even if you don't feel it
right now don't mean someday
it'll turn you out
you'll be outta sight

You really shouldn't oughtta fight it
the music is designed to do no harm
It's just for you

With just a little bit of effort
I can he will we might just turn you on

Even if you don't admit it
the time for change is here and here we are
We're just for you
Stick us in your ear and dig us
One time One time One time One time and see
We're just for you

You really shouldn't oughtta fight it
the music is designed to do no harm
It's just for you
With just a little bit of effort
I can he will we might just turn you on

Music is designed to free your funky mind
We have come to help you cope
Out into another reality
You will be
Through our music we bring you hope

Us is what time it is

PEOPLE! Whatcha doing?
Standing on the verge of getting it on
Really gettin' it on

PEOPLE! Whatcha doing?
Standing on the verge of getting it on
Really gettin' it on

PEOPLE! Whatcha doing?
Standing on the verge of getting it on
Really gettin' it on

Song out tonight
Oh my soul is out tonight
there's a song out tonight
Y'all come on

Song out tonight
Oh my soul is out tonight
there's a song out tonight
Y'all come on

(One more time!)

Song out tonight
Oh my soul is out tonight
there's a song out tonight
Y'all come on

Us is what time it is

Even if you don't dig it
don't mean it's not the thing or thing to do
Could be just for you

You really shouldn't oughtta fight it
the music is designed to do no harm
We're just for you

PEOPLE! Whatcha doing?
Standing on the verge of getting it on
Really gettin' it on

PEOPLE! Whatcha doing?
Standing on the verge of getting it on
Really gettin' it on
