

# Funker Vogt, Gunman

Now the race is on the run  
So look out for your man  
Try to catch him in the woods  
And kill him if you can

Come on play the game  
And catch the man  
This is your aim  
So do what you can

Now the race is on the run  
So look out for our girl  
Try to catch her in the woods  
And rape her if you can

Come on play the game  
And catch the girl  
That is your aim  
So do what you can

chorus:  
I see with the eyes of the hunter  
No one can escape  
I am a devil of a gunman  
For you it is too late

Chorus

Now the race is on the run  
I am looking out for you  
I'll catch you in the woods  
And kill you if we meet

Come on play the game  
And fight for life  
This is the game  
Where I will survive
