

Funker Vogt, Spread Your Legs

I am just a horny dog
When I see there
In my imagination
You have nothing to wear

I know my time will come
I only have to wait
No one will hold me up
It never is too late

Come on
Spread your legs
I have won
Now lick my eggs

I have always used the girls
Just for my pleasure
Never have considered them
As a kind of treasure

And I will win again
Get her for the next night
Telling her some compliments
These girls are not so bright
