

Funker Vogt, Tragic Hero (Blind Vision Remix)

I saw all the tragedies
happened to mankind
i'm always involved
when trouble hits our life

Bridge:

It's not me to turn the fate
to a better end
what I do will make it worse
so I stopped interfering

Chorus:

I'm a tragic hero
in this game called life
my chances go to zero
but I will always survive

I saw all the great disasters
all over the world
I can only observe
but never interact

Watch out for me and be aware
now trouble is ahead
try to avoid my company
so you will be save
