

# Funker Vogt, Tragic Hero (Covenant Remix)

I saw all the tragedies  
happened to mankind  
i'm always involved  
when trouble hits our life

Bridge:

It's not me to turn the fate  
to a better end  
what I do will make it worse  
so I stopped interfering

Chorus:

I'm a tragic hero  
in this game called life  
my chances go to zero  
but I will always survive

I saw all the great disasters  
all over the world  
I can only observe  
but never interact

Watch out for me and be aware  
now trouble is ahead  
try to avoid my company  
so you will be save
