Too many bullshit niggas done, been up in my click
But I spit them boys out, cause they tasting like some shit
I admit my click, now, is nothin but Memphis best
But I had to delete a lot clowns in the process
Fuck that shit, we keepin them bitches hot
Cause we making them millions and they hairs ain't in the spot

[Verse 2]

Haters mad on the town cause a nigga got it made
Wanna rock they fuckin songs but these junkies ain't gettin paid

[Project Pat]

Breakin laws, glock in drawers, whip it out and take a taste
You can smell my fuckin nuts, while this tome is in yo face
Shove the barrel down your throat, inhale bullets like some smoke
I'ma leave these bitches dead, cut a sunroof in your head
You get stomped in yo mug, when I shoot, then I peel out
Right before dat happen I'ma tear yo fuckin grill out
Beat you bitches down 'til you covered in your own blood
Shoot a couple of rounds from my house, ain't no fuckin love
And one of y'all niggaz wanna get some I got some
Blow they fuckin ass off, double barrel shotgun
Don't be comin my way bodys stank like moth balls
Swing a iron bat to yo head like a golf ball
Ride up on yo ass then I let the luga sweep
