

# Further Away, Fly Out (feat. Fismoll)

Summer is not  
As sunny as it seems  
My mind is float by different memories  
This wait for me I can feel it form my skin  
It's weight too much to carry everything

Shallow sleep  
Can't struggle with my dreams  
Days are long  
Much longer then I need

I need a space  
To keep myself secure  
I need a ...  
No, I know it's not a cure

So let me go  
I want to start again  
You think on me  
Fly out and go away  
/2x

Fly out and go away  
Fly out and go away
