

Further Away, Fly Out (feat. Fismoll)

Summer is not
As sunny as it seems
My mind is float by different memories
This wait for me I can feel it form my skin
It's weight too much to carry everything

Shallow sleep
Can't struggle with my dreams
Days are long
Much longer then I need

I need a space
To keep myself secure
I need a ...
No, I know it's not a cure

So let me go
I want to start again
You think on me
Fly out and go away
/2x

Fly out and go away
Fly out and go away
