

Fury In The Slaughterhouse, Do You Feel

look at my appartement
it's a case for the trash Department
since youre gone
and its so hard to remember
the love we had from may to december
with the sun so bright
we stood in the light
and no end in sight.

do you feel, do you feel better now

I got a letter from your lawyer
it says you still want some more, ya
you can have it all
angels fall
there will be nothing to remind me
cause I leave it all behind me
when I close the door
Do you.....
