look at little Billy sitting in his cell  
he's pissing in his pants what an ugly smell  
he gave him all his money but he won't come back  
so Billy starts puking 'cause Billy's on crack  
hey little Billy give me all you've got  
and if it's enough maybe you'll get a shot  
what you need is a shot in the head  
and if you pay the prison guard they'll bring you to bed

cause he's drug addicted in the jailhouse  
he's drug addicted in the jailhouse

hey little Billy I know what you'll feel  
life's so funny behind the curtain of steel  
like a dog in a cage waiting for his meal  
you got a monkey on your back and that's for real

cause he's drug addicted in the jailhouse  
he's drug addicted in the jailhouse  
drug addicted in the jailhouse  
drug addicted in the jailhouse

hey little Billy give me all you've got  
and if it's enough maybe you'll get a shot  
what you need is a shot in the head  
and if you pay the prison guard they'll bring you to bed
