

# Fury In The Slaughterhouse, Frontpage Of The S

bring me down  
if that is what you want o.k. have fun  
bring me down  
and bring it on the frontpage of the SUN  
bring me down  
in highclass colour turn the truth upside down  
bring me down  
and see what you can print to make me mad  
before I go to bed

I think it's cool,  
I think it's fun  
to be on the frontpage of the SUN

my own son  
takes drugs I'm sorry I never had one  
and all my friends  
the thousands that I had you say they're gone  
you think I'm great  
the problem is that you are what I hate  
you say I'm gone  
that's right but you don't know where  
and I won't take you there

I think it's cool...
