Fury Of Five, No Time For Love

Feelings don't get hurt they get murdered! 4x Evil has planted it's seed Patience been taken by greed Power now a dying need Bringing us all to our knees

There's not time for love just time to kill just time to kill 4x

Remorse won't enter these souls Caring is something that's old Suffer that's how it goes People will reap what they've sown

There's not time for love just time to kill just time to kill 4x

The world's gone mand, out of it's mind
Don't trust no one, looks can deceive
Nothing here will ever change
Comfort by only the pain
Fingers point shifting the blame
Meanwhile were slaughtered in vain
There's not time for love just time to kill just time to kill 4x
