

Fuse ODG, Thinking About U (ft. Killbeatz)

Been thinking about you today
I've been thinking about you all day
/4x

Checking my phone, girl
Reading message that you send me
Telling me you're all alone, girl
Taking pictures all over my phone

Phone got feeling so hung, girl
You know I be all in my zone
Touch home, girl
Won't be responsible for anything I do

You know I say I'm out
Here out of my ride
Every single day that
You've been on my mind

And I've been looking cause you've been on the line
Just today, I really want you by my side
You know I say I'm out

Here out on my grind,
Every single day that you've been on my mind
And I've been looking cause you've been on my line
Just today, I really want you by my side

Been thinking about you today
I've been thinking about you all day
/2x

Alright, Fuse going slow
Don't you know you're not going
Through this alone
If her friends don't know, She'll follow

Saying there's stress to provide at home
I know she the one in your life

What doesn't kill you makes you grow
It's okay, It's alright make her tell you
What you're really going through
Cause what I love /6x
Is her name?
Is her name?

Been thinking about you today
I've been thinking about you all day
