## Future Bible Heroes, O! What A Dream It Was!

I know I'll never be beautiful but you kissed me once, in the sun I know I'll never be lovable but you made me think I was wrong

and you say: "it doesn't matter," but I want to scream: "it does!" you made our little dream shatter but oh, what a dream it was

I could've just run away with you but you didn't want me along I spent my one happy day with you but when I woke up, you were gone

and I always knew you were faking the little moon-beam that was us and I wish I'd never awakened and lived in a dream because oh, what a dream it was
