True Story  
FreeBand gang nigga  
Young Will in this bitch

Money coming in from every angle  
Paper chasing running to it tryna break my ankle  
Evertime I spread tragedy I'm speaking ether  
I oan' wanna go to sleep the money got me geeked up  
On my way to Puerto Rico with this Mamacita  
Bout to blow the whole feature on some Indonesia  
Anytime these bitches see they gone take the E  
You a Freehand nigga they can't wait to greet ya

My words coming out dope this should be illegal  
I'm flyer than a eagle  
We can never be the same I'm baby Jesus  
All my niggas on a plane, you can never reach us  
Then get it in it for the fame, I'm the fuckin' picture

Mud sippin, water dripping, on a mission, make a real decision  
Real persistent, ton of vision, off the game like in the world  
Can't compare to this dirty business  
All the money in the world
