I'm a star, cold bald barillas in my dna  
I be trappin, getting that cake, it's in my dna  
Had that skeeted in the face, you caught my dna  
Got a bitch in every state, it's in my dna  
It's in my dna, I'm stacking paper every day  
It's in my dna  
Hey, hey, it's my dna,  
I just pour me up ace, it's in my dna

I feel like tarzan and king kong, your v on my 3phone  
No iPhone that 5d, and 4d, on 2g, on 2 street,  
I'm 3d, I'm hd, these movies that I make  
Can't see me, you capische  
I'm a titan, I fly in, like a pelican,  
You irrelevant, to a president, on medicine  
It's that kilo, the fuck ding tones, young chapo  
Young future fucking on pocket holes  
We ree up then reload, I blow up, then explode  
I'm organized like a crime boss, I'm up there like a mafia  
That's a fresh new... I'm jaded up like a raster  
Got a million zones I'm a raster  
No chains on I'm aqua, fina, water,  
I slaughter your daughters, I'm known in ben harbor

I'm a star, cold bald barillas in my dna  
I be trappin, getting that cake, it's in my dna  
Had that skeeted in the face, you caught my dna  
Got a bitch in every state, it's in my dna  
It's in my dna, I'm stacking paper every day  
It's in my dna  
Hey, hey, it's my dna,  
I just pour me up ace, it's in my dna

I'm sucker free dog, pass me my sprite  
I'm atl and to say I'm way way out of sight  
Light that baby buzz syrup, man that's shaking me on point  
I was serving fyrup, tryina make my rent first of the month  
And I got your girl, and I filled her mouth a lot of cum  
I'm rolling big blunts, lots of killer ganja down my lungs  
Hard times turn me to a maniac,  
My blood line, motion pictures cinematic  
Mix it up, mix it up, mix it up  
Pour it up, pour it up, pour it up  
Stereophone, cellphone, baking soda, I'm screwed up  
Lil flip, game over!

I'm a star, cold bald barillas in my dna  
I be trappin, getting that cake, it's in my dna  
Had that skeeted in the face, you caught my dna  
Got a bitch in every state, it's in my dna  
It's in my dna, I'm stacking paper every day  
It's in my dna  
Hey, hey, it's my dna,  
I just pour me up ace, it's in my dna.
