

# Future, Drankin N Smokin

Saggin' out the malls, we do the most, oh  
Had a ratchet in my coat, got a girl doin' coke

We drink up and we smoke, but she always do the most  
It kinda turns me on the way she lickin' on my stones  
My chains on antifreeze, it look like I made a clone  
Wanna see you get more sassy, if it bring out better emotions  
She called me her God, the way I floated in her ocean

When I poured it, I gave her a dose, said she was already hooked  
If you always there for me, that's a really good look  
I'm changin' up your salary 'cause I'm gettin' to know you  
Tell me your availability, I want all of you  
If it's like that, then it's like that, got you lightin' up like lightning  
I stack it up, get feisty, can't sabotage it or ice it  
You gon' tell the world they flawed, thankful for when you nosy  
You're a good girl but you're naughty, don't you never miss out on Pilates  
I let you stunt and flex in Bugattis, they don't got me, she with a body  
Me and cheap girls stay cheap, we do numbers, stay fly  
If it's gettin' to you, then we fast forward, yeah  
Stayin' low like a stash house, yeah  
Bando to bando, traphouse, yeah  
Made it with nothin', learned to swag out, yeah  
Can't be defeated, I got mad sauce, yeah  
Why would I front like it ain't my fault?

Drink up and we smoke, but she always do the most  
It kinda turns me on the way she lickin' on my stones  
My chains on antifreeze, it look like I made a clone  
Wanna see you get more sassy, if it bring out better emotions  
She called me her God, the way I floated in her ocean

She called me Messiah, the way I floated in her ocean  
Yelled, "Jesus Christ," but I wasn't causin' commotion  
Hit it so right, had her soakin' in the ocean, yeah

Hit it all night, we was drinkin' and smokin' (Yeah)  
Drinkin' and smokin'

I done went from GG to BB to LV  
I done fucked with Kiki and Lili and Nini  
I text her "So proud of you" when I got my B from CC  
It is no way that you can know or see the things we see (Yeah-yeah-yeah-yeah)  
She said that she can tell every time that I lie through my teeth  
Plus I know you had somebody else right here in my sheets  
Oh, you think you know my body?  
Pull up in that Coupe, don't want no shawty  
I put rubies on my Rollie, now their eyes bleed  
I don't own no ice cream truck, just know my ice freeze  
Man, I read her text, she said, "Girl, I creamed"  
Man, I know she duckin' off with her side me  
Who you know gon' hit it raw, baby, besides me?

We drink up and we smoke, but she always do the most  
It kinda turn me on the way she lickin' on my stones  
My chains on antifreeze, it look like I made a clone  
Wanna see you get more sassy, if it bring out better emotions
