

Future Leaders Of The World, Sued

What I felt
Wasn't wrong
Use to be afraid to be this close to you
Cause in my shadow I'm soothed
And what it took to make it through
You wouldn't believe me if I said it was true
Cause in my shadow I'm proved

Faces move, shadows crawl
Ain't we the same underneath it all
Cause in my shadow I'm sued

In my shadow I'm sued
Don't you try and make me feel real
In my shadow I'm sued
Don't you try and make me feel real

How I spell
Free as strong
Use to be a muse for hating everything
Cause in my shadow I'm true
And what I took
To give to you
You couldn't fake it
So you let me choose
Cause a broken arrow takes two

Met a psychic
In the bathroom stall
She said paint your night until it falls
Cause in my shadow in sued

In my shadow I'm sued
Don't you try and make me feel real
In my shadow I'm sued
Don't you try and make me feel real

In my shadow I'm sued
Don't you try and make me feel real
In my shadow I'm sued
Don't you try and make me feel real

Green is naked
Teen obscene
Gloss is empty when gleams
Roll the marbles
Fake the team
Needles ripped
And broke the seams

In my shadow I'm sued
Don't you try and make me feel real
In my shadow I'm sued
Don't you try and make me feel real

In my shadow I'm sued
Don't you try and make me feel real
In my shadow I'm sued
Don't you try and make me feel real

Try and make me...
Try and make me...
