

# Future Of The Left, Wrigley Scott

Woody was a wizard  
Janie was an elf  
And when they got together  
They only ate sausage - sausage on a stick  
It's so hard for me to stay here happily  
It's so hard for me  
To stay here

Woody was a wizard (a feeder of footsteps)  
Janie was an elf (a brave disguise)  
And when they got together (just for the record)  
They only ate sausage - sausage on a stick  
It's so hard for me  
To stay here happily  
It's so hard for me  
To stay here

To stay - is not to breathe  
She wept and then (and then) she came  
She wept and then (and then) she came

Kate - complete him!  
Kate - complete!  
Kate - complete him!  
Kate - complete!
