Medicine Man  
Medicine Man taking off never to land  
United we fall, together we stand

It never gets old she never gets mad  
We too high to fuck, I never hit that  
Cotton candie sweet as gold  
Make that pussy open close  
She take her meds up her nose  
Looking like she smell a rose  
It says Hermes on my clothes  
20 mg, that's my dose  
I fucked her off one of those  
She act like she saw a ghost  
Wake up baby, comatose  
Wake up baby, vamonos  
Sleeping like we on an island somewhere in Galapagos  
Its lonely at the top we hold hands, Geronimo
