Coming in, coming in, coming in  
I'm good on that yola, yola, I'm good with that yola, yola  
I'm good with that red and yellow, nigga  
I'm good with that red and yellow, nigga  
Purple be coming in  
We got that purp coming in, we got that purp coming in  
The purple be coming in, purple, purple, purp, purp

I'm good with that yola, yola, nigga  
I'm good with that yellow and red, nigga  
I'm good with that yellow and red, nigga  
I'm good with that yellow and red, nigga  
That purple be coming in, that purple be coming in  
That purple be coming in, that purple be coming in

That purple be coming in  
I poured up a dirty Sprite again  
I pop on these Percs and Vicodins  
They check on that check like a Yeezy  
Came from straight out them trenches, they greasy  
Fuck a bitch on that shit, I don't need her  
Fell in love with that drank and I need it  
I sip out my cup and I need it  
I grew up in the red and I seized it  
Sip the four of that 'tuss out in Cleveland  
They can't blame me for takin' these doses  
Pour that raw out, the pint in the fanta  
Tryna dodge all these scandalous heathens  
They never gone doubt me, now they believe me  
They try to forget about me now I'm kinging  
The greatest story ever told  
These pretty hoes gettin' exposed  
Got my styrofoam in my hand  
Fuck all these bands up

Walk into Barney's I'm drinkin' on yolo  
Valet the photo, a hundred at the door  
I speak the lingo, they go by the limo  
Fuck you lil nigga, I'mma fill up arenas  
Washin' the money at the cleaners, it's dirty  
You drink out my cup and it's dirty, I come from the dirty  
You drink out this cup and it's dirty  
I got codeine in my bladder  
I get it in like a real one  
You whip in a Benz and they feel you  
It's too much finnessin' you feel me?  
I went at that money, no supervision  
They love me today, they gone really feel me  
I see how they act when they playin' dirty  
Forgivin' me, never forgivin' me  
I know that paper gone be there, it stack it  
A monster, a beast uncorrupted, a savage  
And 20's, Sting gotta have it  
That baby wants a Saleen, she can have it  
Pay three for that purple, if you want it, you get it  
Two dollars a drink, on that purp you can get it  
Fuck on me, suck on me, baby lets pour up  
Fuck on me, suck on me, baby lets pour up
