

Future, Rich sex

I got my diamonds on
You got your diamonds on
Watches on watches
I looked at her and I said, "Beautiful"
Baby let's go have rich sex
Baby let's go have rich sex
Make a little love on the rich sex
Rich sex, bitch

Baby let's go and have rich sex
Make a little love on the rich sex
Baby let's go and have rich sex
Baby girl, let's have some rich sex
I'ma keep my AP on while I do it
We can keep an AP on while we do it
You can keep your Rollie on when I get to it
You can keep your Rollie on when I get to it
When you look down, see my chains on
When you look down, see my chains on
When you're ridin' on me, see my chains on
When you're ridin' on me, keep my chains on [?]
Baby we can go and have rich sex
Baby girl, go and have rich sex
You ain't ever ever had rich sex
You ain't ever ever had rich sex

Never made love to a misfit
You never made love to a misfit
Come and kick a deal on some rich shit

Kiss on a nigga with his chains on, [?]
Fuck so good, got both of us dizzy

And all she want is the D
And for me to keep this ice on me

Let's stop for a while, have recess
Let's stop for a while, have recess
Let's kiss for a while, have recess
Let's touch for a while, have recess

Do it for a while like a replay
Let me see you wind that ass up like a DJ
Run that back like a DJ
I know you see this big face
Chandelier froze for a bad one
Come and kick game in your ear while I smash you
And I keep them thangs in my ear while I'm smashin'
And I catch you hot like the flame and the passion
And I got the flash on deck, no battery
And I have some Tom Fords on while you suckin' me
Cuban link hang off my neck, to your neck from my neck
To my watch and my chain [?]

Baby let's go and have rich sex
Make a little love on the rich sex
