

# Future, Transformer (feat. Nicki Minaj)

NickiHndrxx (Brrrt!)

Transformer, I just popped a Transformer  
Lit the room up  
All I did was hold my arm up  
Went through Barneys  
I spend 20k on Amir's  
Got my weight up  
Now I'm talking back to Siri  
Trashin' foreign hoes  
Murder shit at the coroner  
Jackie Joyner  
Racing red  
I'll show 'em up  
Woke the don up  
All I did was hold my arm up  
Top goin' up  
In it like I lit the Sun up

Goin' bonkers  
I fuck with her, I'm her sponsor  
Carats dangling  
Everything I do is expensive  
Off the continent  
Everything is out the country  
No assumption  
Hit on the gas  
Start punchin'  
Pardon my confidence  
Hit the gas barely functionin'  
Ain't no conscience  
'Bout to spaz on this stallion  
Fuck a casualty  
Everything we did was lavishly  
Fuck a tragedy  
All these sticks automatically

Transformer, I just popped a Transformer  
Lit the room up  
All I did was hold my arm up  
Went through Barneys  
I spend 20k on Amir's  
Got my weight up  
Now I'm talking back to Siri

What the fuck?  
I might have to pump breaks on these hoes  
Real shooters I don't ever pump fake on these hoes  
Me-me and Pluto pull up in that new  
Ferrari drip  
Always eating Japanese so I'm a need wasabi dick  
F-f-four albums in, pull a Mili for a show  
While these bitches is servin' Milli Vanilli on the low  
Spend my money on some dope  
With my money, I'm 'bout loc'

Transform into 3 Billy 'cause I'm really the GOAT

Transformer, I just popped a Transformer  
Master bathroom, two jacuzzis in the sauna  
They ain't warn her, now she out here facing karma  
Had a chance but, God, that mean that she a goner  
Where my bad bitches?  
Fuck these niggas give them trauma  
Could of fixed his life, but now that nigga need the lyanla  
All his friends tryna kill it, eat it, Jeffery Dahmer  
Niggas snakes, but stupid I'm the snake charmer  
This a different tax bracket, upper echelon  
I'm still the bad guy, I am a Decepticon  
Some call me Nicki, but some call me Megatron  
I'm stopping bags and I don't need the red octagon

Transformer, I just popped a Transformer

Run the town bitch, oh!

Check my sadness, oh!

Tryin' to bag this, oh!  
Is she from a pageant?  
Fuck her daddy, oh!  
'Cause she called me Zaddy  
'Cause she called  
'Cause she called me Zaddy  
Check my sadness, oh!
