

# Futureshock, On My Mind

When the blueness follows evening  
And the darkness takes control  
And we're waiting for anybody  
Follow you lonesome down the road?

I got you on my mind  
I got you on my mind  
I got you on my mind  
I got you on my mind  
Only you on my mind

When the journey's never ending  
And the road is far from tiresome  
And your feet they walk to anybody  
Take away that toil and trouble

I got you on my mind  
I got you on my mind  
Only you on my mind

There aint nobody  
Unless there's you  
And there aint no way I'm gonna fall  
If you're there to see me through

And I'm the lonely ocean coz it aint got no shore  
And I'm the lonely ocean it aint got no shore

I got you on my mind  
I got you on my mind  
I got you on my mind  
I got you on my mind

I got you on my mind  
I got you on my mind
