

# G-Eazy & Kehlani, Good Life

Raise up a cup for all my day ones  
2 middle fingers for the haters  
Life's inly getting greater  
Straight up from nothing we go up  
Higher than the highest skyscraper  
No little league, we major  
The proof is in the paper

We put the good in the good in the good life /2x  
We put the bad un the past, no we alright

And it's a feeling that I can'r explain  
How you make it and your team stay the same  
Stay down from the jump and they never change  
Man, this moment I could never trade  
I told my moms bot to stress, no more  
Get hit Bentley store and no credit card debts , no more  
(Love you, mom!)  
I bought the crib and it's in escrow now  
SO YOU DON'T EVER HAVE TO WORRY ABOUT HOW YOU GONNA PAY RENT, NO MORE

I put my team in position  
Now they making a killing  
Stacking blues faces straight to the ceiling  
Out in Vegas, I;m with them  
Ordering bottles of that Ace  
When they sit with them  
Till there ain't enough space up on the table to fit them  
Go ahead and

Raise p a cup for all my day ones  
2 middle fingers for the haters  
Life's inly getting greater  
Straight up from nothing we go up  
Higher than the highest skyscraper  
No little league, we major  
The proof is in the paper

We put the good in the good in the good life /2x  
We put the bad un the past, no we alright
