

G-Eazy, Still Be Friends (ft. Tory Lanez, Tyga)

i know you don't do one night stands
so I am the closest thing
now can we fuck and still be friends, though?

and if you ever fucking a friend
(I am just sayin)
I'd be the closest thing
(haha, I, I'd be the closest thing)
so can we fuck and still be friends, though?

you know
biytch, you can't be my girlfriend
I got a girl
and my girl got a girl too
saw her face, crib
it's my world too, uh
(it's my world too, uh)

my pillow recognize her perfume
tell your man, Relax,
you'll make it home by curfew
time for cologne
I look like I am on
playboy mansion:
Honey, I am home!
(I am home!)

backdoor open
fuck it I ma home
king of the bay
getting dome on my throne
dime and in the rough, uncut gyms

she not my girlfriend though we just friends
(just friends)
somehow I fit six, all in one Benz
(One Benz)
all of us fuck buddies all fuck friends

Lookin' like a snack
she'll devour me
your boyfriend's whole salary's my hourly
throwin' bands in Miami
it's showerin'
(it's showerin')
Bad boy, I am the white Mike Lowry

i know you don't do one night stands
so I am the closest thing
now can we fuck and still be friends, though?
and if you ever fucking a friend
(I am just sayin)

I;m insane in the brain
what you know about it?

I got shawty and her friend
waiting in the lobby
locking in my account
that's my favourite hobby
I like a new bitch whit a new body

bad bitch I need all that
give my number, you can call that
tell your nigga he can fall back
I am gonna make you mine
where my own at?

cause shawty, it's your birthday
simon says: DO WHAT ISAY
drink up, I know you're thirsty
she said: BABY MAKE IT HARD, BUT DON'T HURT ME

i know you don't do one night stands
so I am the closest thing
now can we fuck and still be friends, though?
and if you ever fucking a friend
(I am just sayin)

If you nasty when I fuck you, let me bitch watch

I said: Right cheek
I said: Left cheek

I be lookin' at it like: DON'T TEST ME!

Shed that ass on a nigga like, duh duh duh

and if you ever fucking a friend
