shootout Dakari my ace  
they hate so much it's a disgrace  
I put them back onto place  
I put your bitch in a wraith

she's vanishing without a trace

I might go fuck up these band  
I do this shit cause I can  
I just took care of my farm  
thought this was always the plan  
I might go fly to Japan  
Honolulu get a tan  
to the beach I don't bring sand  
thought that was always the plan
