G Flip, The Worst Person Alive

Go ahead babe, talk about me
Tell everyone your own fucked up story
I don't think I know you now
From what I've heard, you like to tear me down

And I want you to be happy
'Cause that's what you deserve
If you want me to be unhappy
Well that just fucking hurts

You used to call me baby, come over
Now I'm the worst person alive
Those nights we couldn't get any closer
Now when I see you out, you don't even say hi

God damn
It rips me up inside
Last year I was the love of your life
Now I'm the worst person alive

Go ahead move on without me
You'll never hear the side of my story
I don't think I know you now
'Cause if I did you wouldn't push me out

And I want you to be happy
'Cause that's what you deserve
If you want me to be unhappy
Well, that just fucking hurts

You used to call me baby, come over
Now I'm the worst person alive
Those nights we couldn't get any closer
Now when I see you out, you don't even say hi

God damn
It rips me up inside
Last year I was the love of your life
Now I'm the worst person alive

Now I'm the one making you cry
Now I'm the one losing my mind
Now I'm the one burning inside
Now I'm stuck thinking tonight
Who the hell's by your side
And why after all this time
Am I the worst person?
I'm the worst person
I'm the worst person alive

You used to call me baby, come over
Now I'm the worst person alive
Those nights we couldn't get any closer
Now when I see you out, you don't even say hi

God damn
It rips me up inside
Last year I was the love of your life
Now I'm the worst person alive

Now I'm the one making you cry
Now I'm the one losing my mind
Now I'm the one burning inside
Now I'm stuck thinking tonight

Who the hell's by your side
And why after all this time
Am I the worst person?
I'm the worst person
I'm the worst person alive
