

G. LOVE & SPECIAL SAUCE, Keep On

Everybody's saying they right
I ain't saying that they wrong
What but I can't stop moving now
I've got to keep traveling on
Everybody's saying they right
I ain't saying that they wrong
But I can't stop moving now
I've got to keep traveling on
And then in one minute of time
They call life everybody think they
Living so large but they don't feel so nice
Quite removed from a situation
Cut off from circulation
Slip off a rock
My eyes are dialated
All by myself
All by my lonesome
But I keep riding around here
Feeling so strange
Even in my own house I'm going insane
I keep asking God where is my peace
Brung me around see erase it and forget it
Trace it on my stairs
And dogs bark
Cuz they're dogs they're barking
I'm so tired of the half hearted ways
Of todays society
Everybody's saying they right
I ain't saying that they wrong
Can't stop moving now
I've got to keep traveling on
Everybody's saying they're right
I ain't saying that they're wrong
Well but I can't stop moving now
I've got to keep traveling on
I sent my check to Mexico
I've been drinking Pina Colada
Where the beaches ???
And my ??? keep running for the days
Think i'm crazed
But ever since I've lost
My love sweet fancy
My heart has been asleep
Move with the passion
But can't find no relief
See what you do
Women tired of people telling them
What to do
What to wear
Why not to care
Only devils take a chance on a dare
But I ain't no devil
Just looking for some of this old time romance
So people
Shepards get like sheep
Sheep get like shephards
I mix the salt with the pepper
Yeah riding on on my bike
Oh yeah its still allright
Allright
Oh yeah its still allright
But everytime that we try to use it
They will try to refuse it
Everybody's saying they right

I ain't saying that they wrong
Can't stop moving now
I've got to keep traveling on
Everybody's saying they right
I ain't saying that they wrong
Well but I can't stop moving now
I've got to keep traveling on
