

# G. LOVE & SPECIAL SAUCE, Pull The Wool

Dear friend you don't have to lie to me  
When I ask you what's going on  
Are you doin' right or ya doing wrong  
If you do right will there not be a lifting up  
You misbehave  
Sin is crouching by your grave  
We can begin to make amends  
Fill your sails full with wind  
I know you're tossed and tempest turned, but make no mistake  
I'll never sleep on you Faith  
Don't you pull the wool over my eyes  
Don't you pull the wool over my eyes  
Don't you pull the wool over my eyes  
Don't you pull the wool over my eyes  
Don't you pull the wool over my eyes  
Now your sin, you must mask it  
Your face is all riddled with guilt  
Cover you like a blanket, but no warmth will it give  
Now I'm sittin' here and can't believe all the measures you've taken  
To cheat, lie and decieve me and all your friends  
You got a lot a crazy things in life that you want to do in life, that's all right, but  
Don't you pull the wool over my eyes  
Don't you pull the wool over my eyes  
Don't you pull the wool over my eyes  
Don't you pull the wool over my eyes  
Don't you pull the wool over my eyes  
Lies in the nest enver ever let the birds get to rest  
I can forgive, but I never can forget and lies in the nest never  
Ever gave the birds no rest  
Bricks built without straw were so weak they crumbled  
To mud, just as your excuse with truth left you easily undone  
Don't you run away
