

G.O.D., The Promised Land

Vimos de terras longnquas
Deixando para trs os antepassados
Pedaos defeitos da nossa alma
Enraizados no nosso sangue perdido!
Venim din deprtate zri
Lsnd n urma noastr departe
Buci sfiante din sufletu rnit
Rdcini ale sngelui btrn.
The Promised Land
A new horizon, a new sky
Opening the wings
In the front of your eyes;
A new Heaven, a new Hell
Growing deep inside
For the good of our life!
The Promised Land
We dont want to forget the past
Our memories still live in us
We cannot erase the faith
We must finish the travel,
We want the belief back
Our journey in this shitty life
He will have a new beginning
And we will go until the end!
Hi, hi, hi, hi!!!
