

G.R.L., Kiss Myself

As I walk pass the mirror
Something caught my eye
It could be the liquor
But I can't deny

Damn, I look good
Damn, I feel nice
I'm on fire
I just had to look nice
Cause tonight I'm feeling like
I wanna kiss myself /6x

If they don't love you
You gotta love yourself
Don't let them be above you
And no one else
Damn, I look good
Damn, I feel nice
I'm on fire
Fire, fire, fire,
I just had to look nice
Cause tonight I'm feeling like
I wanna kiss myself /6x

Look at myself, who could that be?
Looking so fly in this [?]
Boys are under, boys wanna kiss
Please don't try it, look at this miss
Bout time I'm feeling better
Talking with my exes, so whatever
Hang with my girls, we stick together
Baby, you're not weak I would stand forever
I wanna kiss myself /4x
