(Verse)

Fuck being in the cage man that shit for the birds.
I do my dirt in the hood, but i live in the burbs
when you talk, be careful how you choose your words
cause i'll send niggas to put your fuckin brains on the curb
am i my brother's keeper, yes i am
dogg you know it's getting low you see that gun in my hand
but G-Unit, don't go fuckin with my soldiers boy
when you get laid out im'a say i told you man
see you roll with 20 nigga we rollin with 20 guns
16 hollows it's loaded in every one
i know you slow so,
i'll do the math that's 320 shells flying at your ass crack
you spend alot of time talkin bout how you ball out
when you get hit you gonna run and bleed untill you fall out
i guess you didn't think we were down to go all out
once again you were wrong
you aint on the shit we on
my money getting long now my teams getting strong
i'm gone

(Chorus)
