

Gabe Lopez, Never

I think I'm trying to make this be,
I think I'm trying to make myself believe,
Yes, my love like this is so rare,
But I guess my love I can't compare.

If you only knew,
I feel like crying,
It's something new,
Inside something's dying.

Chorus

Never,
It seems like never,
It's always never.

As I write these words you're calling me,
I need to walk away, cause, baby, it's killing me,
Yes, I've know it from the start,
Yes, I knew you'd break my heart.

You see a smile,
But I'm only faking,
Cause all the while,
Inside something's breaking.

Chorus

I gave you everything I had to give,
And now I've nothing left to live.

Chorus
