

Gabi Sklar, Rockstar

I was always born to be a rockstar, baby
Crashin' my guitar and breakin' hearts, I'm crazy
When ya get to Heaven, tell the angels, "What's up?"
There's a special place in Hell for people like us

Let me introduce myself to the people
Don't mistake my confidence for an ego
Got so much power, it should be illegal
Ah, that shit is lethal
A woman's a weapon, body's atomic
You forget we're a threat, ain't that ironic?
A woman's a weapon, her heart's the bullet
Ah, I just might pull it

I'll be singin' hallelujah like it's my feminine nature
Can't stop a lady on a mission once her middle finger's on the trigger

I was always born to be a rockstar, baby
Crashin' my guitar and breakin' hearts, I'm crazy
When ya get to Heaven, tell the angels, "What's up?"
There's a special place in Hell for people like us
I was always born to be a rockstar, baby
Spin the bottle, wake up in a different city
When I get to Heaven, tell the angels, "Good luck"
There's a special place in Hell for people like us

If sex was a gun and our love was the pill
We'd have the power to end the whole world
Just one touch could be fatal with looks that could kill
We have the power to end the whole world

I was always born to be a rockstar, baby (I was always born)
Crashin' my guitar and breakin' hearts, I'm crazy (Born to be a rockstar)
When ya get to Heaven, tell the angels, "What's up?"
There's a special place in Hell for people like us
I was always born to be a rockstar, baby (Born to be a rockstar)
Spin the bottle, wake up in a different city
When I get to Heaven, tell the angels, "Good luck"

I'll be singin' hallelujah (Hallelujah) like it's my feminine nature
Can't stop a lady on a mission once her middle finger's on the trigger (Pew)

I was always born to be a rockstar, baby
Crashin' my guitar and breakin' hearts, I'm crazy
Might not get to Heaven, but at least it was fun
