

Gabrielle, Because Of You

Oh Oh Oh

Touching the heart of me

Thats what you do baby can't you see

Right now you got me falling

I'm falling there's no stopping, no, no

Touching the heart of me

You can paint a picture using words

You can make me feel like top of the world

When you're near I'm never feeling blue

Cause you always know just what to do, do

Touching the heart of me

Chorus

Baby it's because of you

That I do the things I do

Everytime we touch,

It means so much

And it's all because of you

Baby it's because of you

That I do the things I do

Everytime you're near

I have no fear and

It's all because of you

Because...

You're the best thing in my life

When I'm with you it feels so right

Oh how I miss you when you're gone

Although you're never gone for long, long

Touching the heart of me

You know just how to cherish me

You know exactly how i feel

With you I'm always feeling fine

So fine you know you blow my mind, my mind

Touching the heart of me

Chorus

Because of you

Should you ever feel the need

Wanna fly away

I won't fight to change your mind

I'll try to make you see

Touching the heart of me

Thats what you do baby can't you see

Right now you got me falling

I'm falling there's no stopping, no, no

Touching the heart of me

Chorus to fade
