

Gabrielle, Ten years time

Do you have a vision? Do you have a goal?
I'm watching you shrugging your shoulders, telling me you just don't know!
Do you get emotional? Is there something that you're passionate about?
I can tell that you're still searching, still trying to work it all out...
It takes time... take your time!
Umhum.. You will know when it feels right...
Where you gonna be in ten years time
Will you be happy with the way you've been living your life?
Will you be alright?
When you're looking back to all the years gone by
Will there be something that you'll say that you shoulda done right...
In you your life?
What would you fight for? For what do you stand?
How will you go about it? Do you have a master plan?
What are your demons? How much for your soul?
Have you found religion... and gone down that road?
I guess we all need something to believe...
Times haven't changed... that's how its gotta be!
Where you gonna be in ten years time
Will you be happy with the way you've been living your life?
Will you be alright?
Yeah.. When you're looking back to all the years gone by
Will there be something that you'll say that you shoulda done right...
We're talking about your life!
Are you a dreamer? Tell me all your dreams!
Can you say honestly what you want to be...
What you do when your back's against the wall?
Would you stand on your two feet? would you admit defeat?
These are the times you need to be strong...
Don't you know? Don't you know that its hard!
Have you learned to find a way...
You gotta find a way to carry on...
[Repeat x2]
Where you gonna be in ten years time
Will you be happy with the way you've been living your life?
Will you be alright?
Yeah... When you're looking back to all the years gone by
Will there be something that you'll say that you shoulda done right...
We're talking about your life! Your life!!
Where you gonna be in ten years time?
Will you be alright?
Tell me will you get it right? get it right?
Where you gonna be in ten years time?
Will you be happy with the way that you're living your life?
Do you feel it being right?
Where you gonna be in ten years time?
Will you be alright?
Tell me will you get it right? get it right?
Where you gonna be in ten years time?
