

Gabrielle, Who Could Love You

I just want to hold you
I just want to show you how I feel
I can't keep it to myself
Got to let my feelings free
Let's live for the moment
On time that is stolen
You are just what I need
Now we're back in each other's arms
I want you right here next to me
Who could love you more
The way that I do
Who could love you more
The way that I do
There's something between us
Said those who had seen us from the start
We knew that we had it all
But we just let it fall apart
Let's live for the moment
On time that is stolen
You are just what I need
Now we're back in each other's arms
I want you right here next to me
I'm glad that I got you back
I got you to myself
Now I'm no longer sad
I really don't need nobody else
