

# Gadjits, Gangster Girl

"This tastes just like chicken!"

It was little Italy when I met you  
A mafia-owned pizzeria  
We were so happy then  
Danced to the accordion  
and then we had to go our separate ways

(chorus)  
Gangster Girl I love you, don't shoot me...

We would pull a job and we'd be up  
But I'm afraid that you're gonna let me down  
We were so happy then  
Danced to the accordion  
and then we had to go our separate ways

(chorus)  
Oi! Oi! Oi!

Your father can't stand the sight of me  
Says he's gonna increase my bounty  
I don't wanna sleep with the fishes tonight, no, no  
I don't understand why we have to fight...

(chorus)
