

# Galactic Cowboys, The Record Ends

So this is how the record ends  
I found an empty box again  
We used to have a passion play  
But something all went wrong at the end of the day.

And I can't sleep and I can't eat  
See me spin again  
Not too sweet and missed a beat  
But it's how the record ends.

I love the way the song begins  
But disappointed by the end  
Congratulations go to you  
A special place awaits for all you put me through.

This is the last song and goodbye  
Don't be a beast at least I gave the thing a try.

I'm so sorry how this record had to end.
